## MCR/CR/CRS/CLC/CRC/GPC/UDCP

The certification of a remodeling contractor under the certification program of the National Association of the Remodeling Industry (NARI) is the association's recognition that the contractor has met certain criteria for experience, commitment to ethical conduct and professionalism.

**Master Certified Remodeler (MCR):** a CR of 10+ years who holds another NARI certification and has demonstrated leadership within NARI or within the local community.

**Certified Remodeler (CR):** a professional remodeler who provides a full range of remodeling services. Candidates must prove they possess skill and knowledge in a broad range of business management and technical skill areas.

**Certified Remodeler Specialist (CRS):** a professional remodeler who specializes in a specific type of work, such as concrete and masonry, electrical, insulation, mechanical systems, plumbing systems and roofing and siding.

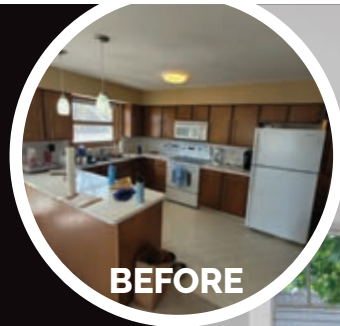

**Certified Lead Carpenter (CLC):** a hands-on field pro who oversees the technical aspect of the project, including personnel management and material flow while working on the project.

**Certified Remodeler Project Manager (CRPM):** a pro who oversees every administrative aspect of the project: customer satisfaction, scheduling subcontractors, record-keeping, risk management, and much more. A CRPM may work full time on one project or oversee several at one time, depending on the scope.

**Green Certified Professional (GCP):** a pro who considers energy efficiency, sustainability and maximizing nature's resources and energy in an efficient and responsible manner, both in the conduct of their business and in design and construction of a client's remodeling project.

**Universal Design Certified Professional (UDCP):** a pro who handles renovations that are appealing not only for "aging in place," but for anybody who wishes to move about his or her home freely, without barrier and without giving their home that "institutional" look. Families who have members with special needs also benefit from a UDCP.

We grew up surrounded by spaces that our family's prior generations had put quality time and work into. These spaces were both functional and comfortable to be in, creating countless memories of time spent with friends and family. We wanted to do the same for others. For us, this isn't just about remodeling houses. It's about helping you create a home that will be the backdrop of countless memories with family and friends for generations to come.
